**Subject:** Answers from the MHRA (UK), regarding the report for a study conducted by external contractors on behalf of the Commission on the availability of human medicines in the EU

Dear Sir/Madam,

The MHRA (UK) have no specific comments on the report. We find the report comprehensive and support the continued flexibilities that the existing framework offers Member States to ensure the availability of medicines.

Kind regards,

**Saira Madden**

**Senior Policy Manager EU and International**
