STAKEHOLDER WEBINAR ON:

LAUNCH OF THE 2023 COUNTRY CANCER PROFILES OF THE EUROPEAN CANCER INEQUALITIES REGISTRY

Thursday 2 February 2022, 9.30 – 10.30 CET, Brussels time

Dear colleague,

We invite you to join this webinar.

Description of this webinar:

The European Cancer Inequalities Registry is a flagship initiative of the Europe's Beating Cancer Plan. It provides sound and reliable data on cancer prevention and care to identify trends, disparities and inequalities between Member States and regions.

The Country Cancer Profiles shed lights on key achievements and challenges in cancer prevention and care for each EU Member State, Norway and Iceland. The objective is to identify inequalities and disparities within each country and compare to the situation in the EU as a whole. This can support policy-makers and help guide investment and interventions at the EU, national and regional levels under the Europe's Beating Cancer Plan.

This webinar will be held in English.
