Once registered, you will receive the link and the registration ID to join the webinar on Thursday 2 March 2023.

The objective of this webinar is to collect views from stakeholders on relevant policy development and transfer of best practices regarding mental health in order to promote coordination between actions at EU and national levels. This will help support the preparation of a Communication on a comprehensive approach to mental health which is included in the Commission's work programme for 2023 under the priority 'promoting our European way of life'. In light of the same Communication, stakeholders were also invited to respond to a Call for Evidence, which closed on 15 February 2023 on the '[Have Your Say](#)' website.

Ms Kyriakides, Commissioner for Health and Food Safety will make an opening speech.
