

## **Second meeting of the HERA Joint Industrial Cooperation Forum**

**14 November 2022, 12.00 to 17:00, hybrid**

### **Participants:**

Members of the forum, HERA and DG GROW representatives, ECDC, EMA, other Commission services.

### **Summary:**

During the meeting, ECDC presented the latest epidemiological situation. HERA and DG GROW updated members of the group on different actions and instruments for preparedness, which was followed by discussions. Members of the forum also gave presentations on stockpiling to inform HERA's and Member States' work in that area.

Members made several concrete suggestions on the HERA actions, notably to avoid duplication of efforts as regards data collection between different institutions. It was agreed that a working group would be established to discuss this specific topic.

### **Agenda:**

1. Introduction
2. COVID-19 state of play and other current developments
3. EU capacity and scale-up capabilities
4. HERA Invest
5. Procurement and purchasing – focus on stockpiling
6. AOB
