

Our ref. IP-12-107

Dear Sir, dear Madam,

Thank you for offering the opportunity to comment on the Consultation paper “Implementing act on the requirements for the assessment of the regulatory framework applicable to the manufacturing of active substances of medicinal products” (SANCO/D3/(2011)ddg1.d3. 1438409). IPFA is the International Plasma Fractionation Association representing the not for profit plasma fractionators’ community.

After consulting our members I can inform you that we have no specific comments on the text of this Consultation paper

We have no objection that our response will be made publicly available on the 'Europa website' on pharmaceuticals.

With kind regards,

Dr Françoise Rossi,
Director of Scientific and Regulatory Affairs
