

Health programme 2016

Tender on "health workforce planning and forecasting expert network"

22 November 2016

European Commission
Health and Food safety Directorate-General

Isabelle Dévé, Assistant Policy officer

This action will contribute to the **sustainability of the health workforce** through expertise and knowledge sharing and support **anticipation of skills needs** to tap into the health sector's job creation potential.

Building on the previous work of the Joint Action for health workforce planning and forecasting, the activities to be addressed include:

- organising **three expert network meetings** to exchange knowledge in the area of health workforce planning and forecasting and providing a forum for **peer support** to resolve health workforce challenges;
- updating **information on national health workforce strategies** and further analysis on skills needs in the health sector;
- maintaining and updating the **website** on health workforce planning and policies.
