

# European Court of Auditors' Special Report No 7/2019 Follow-up

Dr Corina Vasilescu, DrPH  
DG SANTE B2  
Cross-border Healthcare and  
Tobacco Control

European  
Commission

# Court's Recommendations – Way forward

Support the work of NCPs, including on how best to communicate the relationship with the Social Security Coordination Regulation

- Building on current actions
- Providing advice on the different legal routes for cross-border healthcare
- Making the NCP toolbox available to the wider public
- Translating the toolbox into all EU languages
- The toolbox includes decision trees for planned cross-border treatment to guide patients

Provide guidance on presenting information about European Reference Networks on the NCP websites

- Two Commission studies provide evidence that the uptake of information on ERNs on NCPs' websites increased over time
- The Commission provided guidance on how to inform about the ERNs on the NCPs' websites including an ERN video and leaflet (May-June 2019)
- Presentation scheduled for the October 2019 Expert Group meeting with updated information, dissemination to follow

Follow-up on the use by NCPs of the 2018 toolbox

- The Commission has published the NCP toolbox
- The Commission will follow up on its use as part of the exchange of good practices in the NCP Sub-Group meeting organised by the Commission.
- Potential reporting in the triennial reporting cycles.

Member States and NCPs

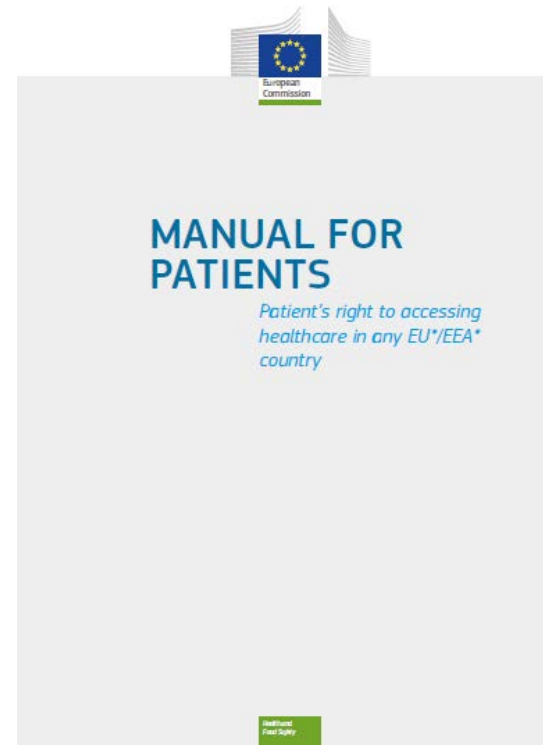

European  
Commission

# Information to patients and NCPs

## Enhancing information provision to patients

- *Toolbox for NCPs and Manual for Patients with FAQ, Checklists, overviews, etc*
- *Decision Trees*
- *Translations in all EU languages*
- *Ready for uptake and further dissemination*

European  
Commission
