## 2024 Thematic Networks

### Towards an EU Coordination Plan for the Brain: Insights from the Community

5 September 2024, 15.00 – 17.00 CEST, Brussels time

Dear colleague,

In response to the European Commission's invitation to stakeholders to make a proposal under its next cycle of Thematic Networks under the EU Health Policy Platform (EU HPP), the European Brain Council (EBC), its members and allies launched the Thematic Network '[Towards an EU Coordination Plan for the Brain](#)'. This Thematic Network aims to unite stakeholders from across the brain community to develop policy recommendations for a comprehensive European Brain Health, Research and Innovation Plan.

On 5 September 2024, the European Brain Council will hold an EU Health Policy Platform Webinar to bring key stakeholders from the Brain community together and co-develop a Joint Statement, structured around 3 objectives:

1. Reach a consensus on defining Brain Health and Brain Capital,
2. Make policy recommendations supporting the development of a European Brain Health and Brain Research and Innovation Plan,
3. Forge long-lasting cooperation between the Thematic Network partners to continue collaboration beyond the Network.
