

Scientific Committee on Consumer Safety (SCCS)

WG on 'Nanomaterials in Cosmetic Products'

Luxembourg

Minutes meeting of 10 September 2014

1. Welcome and apologies

The Chair welcomed the participants. Four apologies were announced by the Chair.

2. Adoption of the agenda

The agenda was adopted as it was presented.

3. Declaration of interest on matters on the agenda

No potential risk of conflict of interest was declared.

4. Information from Chair/Members/Commission

- The Chair of the WG announced his participation in the Fresenius conference 09-10/12/2014 to talk about chemical mixture toxicology: no SCCS representation.
- Opinion on HAA299 UV filter (SCCS/1433/14): the group discussed an issue raised by the WG on cosmetic ingredients following the commenting period regarding the 'nano' or not 'nano' form of the compound. Clarification is expected to be finalised at the plenary meeting.
- The SCCS Secretariat informed that, regarding SCCS comments sent on Silica, no reply has been received yet from any of the applicants. A gentle reminder has been sent to applicants one month before deadline (22/09).

5. TiO₂ – submission 2014

The Chair made a short review on the contributions received from the group. The SCCS reply to SANCO B2 (management unit) is planned to be discussed at the plenary meeting (23/9).

6. Hydroxyapatite

The Chair made a short review on the contributions received from the group. A proposal for comments to applicants is planned to be discussed at the plenary meeting.

7. Clarification request from Member States on the meaning of the term “sprayable applications/products” for the nano forms of carbon Black, TiO₂ and ZnO.

The Chair made a short review on the contributions received from the group. The draft opinion is planned to be discussed at the plenary meeting.

8. Any other business

Next meetings are planned on 31/10 (audio) and on 01/12/2014.
