EU system of traceability for tobacco products
- List of approved providers of primary repositories -

Article 15(8) of Directive 2014/40/EU, and Article 26(1) of Commission Implementing Regulation (EU) 2018/574, require manufacturers and importers of tobacco products to conclude data storage contracts with an independent third party provider operating a primary repository, for the purpose of hosting the data storage facility for all relevant data submitted to the EU-wide tobacco traceability system. In accordance with point 3 of Part A of Annex I to Implementing Regulation (EU) 2018/574, the suitability of the proposed provider has to be approved or rejected by the Commission within three months of the receipt of a notification. To that extent, point 8 of Part A stipulates that a list of notified and approved third parties shall be made publicly available by the Commission on a website.

List of third parties notified and approved by the Commission to operate a primary repository (date of issue: 11.09.2023):
