

14 October 2019

Frequently Asked Questions and Specific criteria for the ERN call for membership updated

Additional points of information were added to the [Frequently Asked Questions document \(FAQs\)](#) and are available for the HCP applicants. The FAQs contain frequently asked questions related to the ERNs in general, and to the application process in particular.

Complementary information was included in the [specific criteria overview table](#), containing the scope, criteria and thresholds of the diseases covered by each of the 24 ERNs that applicants are required to fulfil.
