

## **Scientific Committee on Health and Environmental Risks (SCHER)**

### **Working group meeting on CMR in toys**

**8 January 2010**

#### **Minutes**

##### **1. WELCOME AND APOLOGIES**

The Chair of the working group (WG) welcomed the participants. One member sent apologies.

##### **2. ADOPTION OF THE AGENDA (ANNEX I)**

The draft agenda was adopted as proposed

##### **3. DECLARATION OF INTEREST ON MATTERS OF THE AGENDA**

Members of the WG declared an interest in view of their affiliations.

Taking into account the nature of the declarations, the members of the WG agreed that these did not constitute a conflict of interest.

In accordance with the Rules of Procedure, all declarations of interest will be published after the completion of the work and the publication of the opinion

##### **4. MANDATE AND TERMS OF REFERENCES**

The representatives of the Commission service responsible for the request (DG ENTR) had already explained the mandate during the previous SCHER plenary. The WG revised the mandate and ToR and agreed with the requested deadline.

##### **5. DISCUSSION**

The working group agreed on some points regarding the approach to be followed in giving answers to the mandate.

The WG also considered the preliminary draft opinion prepared by a member of SCHER, Rapporteur for the opinion on diantimony trioxide. The draft in principle fitted with the approach proposed by the WG on CMR.

The adoption of the diantimony trioxide opinion would wait anyway till the main opinion on CMR would be ready, so that a full harmonization could be reached, especially in the exposure part.

### **5.1. Documents available**

Some documents were suggested as useful basis for preparing the opinion and would be made available to the group on CIRCA.

### **5.2. Structure of the opinion**

The WG decided on the provisional structure of the opinion

### **5.3. Additional external experts**

One expert on migration was involved in the WG. An external expert in the field of chemicals in toys and preparation of risk assessment reports would participate in the WG.

## **6. DISTRIBUTION OF TASKS**

Tasks were distributed among WG members

## **7. TIME TABLE AND NEXT MEETING**

Contributions would be sent to the Rapporteur in due time for preparing a preliminary draft opinion before the next WG meeting that was confirmed as 12 February 2010.

## **8. ANY OTHER BUSINESS**
