HEALTH SECURITY REPORTING

Conference - 2011 - 20110001 CFR

First European Day of the Brain. Ageing, Stroke and Alzheimer's Disease-finding innovative solutions.

The conference objective is to bring stakeholders together to discuss major brain diseases, i.e. stroke and Alzheimer disease in the societal context in order to highlight the imbalance between the societal and individual costs of brain disease, and the resources allocated to dealing with the problem, and to help build a more coordinated European research strategy to tackle it better in future. An analysis of the burden and cost of the disease in question will take place, and will then allow ...
