The Digital Health Society

eHealth network meeting

Brussels, 15th May 2018

The Digital Health Society – update

DHS movement

- **200+** organisations
- **Multi-stakeholders**: policy-makers (national ministries, regions, cities), payers (public social insurance, private, mutual funds), companies (large companies –pharma, medtechs, IT, telcos-, start-ups), citizens/patients groups, healthcare providers, research and education organisations, standards organisations…

Values

- **Citizen/human-centred and inclusive**
- **Multi-stakeholders ecosystem**
- **Participative & open movement and platform**
- Focus on **actions** enabling the **large-scale deployment** of **evidence-based** solutions
- **Pragmatic approach**: a "coalition of the doers"

4 Task forces

- **TF1 > Convergence roadmap on Interoperability standards and Digital Telehealthcare protocol**, led by Erik Gerritsen, Secretary General of the Ministry of Health of Netherlands

- **TF2 > Citizen-controlled Data Governance and Data Donors**, led by Angela Brand, Professor at the University of Maastricht

- **TF3 > Legal Framework for the Free flow and the secondary use of data**, led by Bleddyn Rees, Lawyer and digital health expert at Osbourne Clarke

- **TF4 > Digital Transformation and change management in health and social care organisations**, led by Richard Corbridge, CDIO Leeds Teaching Hospitals Trust, and Jane Carolan, CIO of Health Services Executive and CEO of eHealth Ireland

SUSTAINABLE DEVELOPMENT GOALS

100 million
Digitally Connected Healthy EU citizens
By 2027

Research & Innovation

Enabling Environment

Citizen Engagement/ Empowerment

Digital Health Infrastructure

All data for All Conditions

Personalised Health

eHealth Action supported by DHS
