#EUHPP Live Webinar

CCI4EU Stakeholder Forum

strengthening research capacities of comprehensive cancer infrastructures

30 SEPTEMBER 2024, 15.00 - 17.00 CEST, BRUSSELS TIME

Funded by
the European Union

Horizon Europe Grant Agreement n. 101103746

Dear colleague,

CCI4EU is a large and ambitious European project aiming to help EU Member States and Associated Countries improve or develop their existing or future Comprehensive Cancer Infrastructures (CCIs), by enabling them to strengthen their research capacities through capacity building interventions. As such, the project strives to reduce existing inequalities in access to cancer-related innovation and quality care across Europe.

In this webinar, the scope and setup of the project will be explained, and the progress that has been made so far by the CCI4EU consortium will be presented. Attendees will get the opportunity to ask questions, give feedback, and help shape the project's outputs.

This project has received funding from the European Union's Horizon Europe Research and Innovation Programme under grant agreement 101103746 Project CCI4EU. Views and opinions expressed are however those of the speaker(s) only and do not necessarily reflect those of the European Union or European Health and Digital Executive Agency (HADEA). Neither the European Union nor the granting authority can be held responsible for them.
