

**A webinar on 23 June on “COVID-19 and Transplantation in Children” in
collaboration with ERN TransplantChild**

*Some best experts will hold the seminar, which will take place on **23 June from 16.30 to 17.45 (CET)**. The purpose of the webinar is to provide an overview of how the Covid-19 is affecting the transplantation in children.*

The webinar will be held by **Dr. Paloma Jara**, Coordinator of ERN Transplantchild, together with **Dr Juan Torres**, from University Hospital La Paz, Madrid, Spain; **Dr Lorenzo D'Antiga**, Ospedale Papa Giovanni XXIII, Bergamo, Italy; **Dr Mara Cananzi and Dr Daniele Dona**, Azienda Ospedaliera di Padova, Italy; **Prof. Alastair Baker**, King's College Hospital NHS Foundation Trust, London, UK; **Dr Stefaan Van Der Spiegel**, DG SANTE. Attendees will then be able to ask questions to the speakers. The webinar will be recorded and available for off line vision afterwards.

In the context of the “COVID-19 Clinical Management Support System” launched by the European Commission, DG SANTE organises a series of webinars to support clinicians and other healthcare professionals at the frontline of the care of COVID-19 patients. These webinars will bring the expertise and recommendations of several experts from the 24 ERNs in the management of challenging cases of patients suffering at the same time of COVID-19 and a rare or complex disease or conditions.
