

**European Health and Digital Executive Agency (HaDEA) publishes a call for tenders - Service Contract to Identify Obstacles to Vaccination and Develop Recommendations**

The European Health and Digital Executive Agency (HaDEA), in close cooperation with the European Commission – DG SANTE, has launched the call for tenders HADEA/2021/OP/0010. This call aims at supporting EU Member States in overcoming obstacles to vaccination of physical, practical and administrative nature, with a view to increase vaccination coverage rates in the EU. To achieve that goal, the awarded contractor will:

1. carry out a mapping of vaccination services in all EU Member States to identify obstacles to vaccination of physical, practical and administrative nature;
2. assess, on the basis of a large-scale survey among EU citizens in all EU Member States and a survey among health professionals in EU Member States, to what extent these obstacles have a negative impact on vaccination coverage rates;
3. identify, on the basis of criteria developed by the Commission, best practices developed by EU Member States to overcome such obstacles;
4. organise onsite-visits to the EU Member States from which best practices have been identified, for the other EU Member States to learn about those
5. pilot best practices in volunteering EU Member States; and
6. develop final recommendations for overcoming obstacles to vaccination of physical, practical and administrative nature.

The tenders deadline for offer submission is 04/03/2022.
