

CALL FOR EXTERNAL EXPERTS OF THE SCIENTIFIC COMMITTEE ON CONSUMER SAFETY - SCCS

1. Background

By Decision C(2015) 5383 of 7.8.2015 (“Decision”), the Commission has set up Scientific Committee on Consumer Safety¹ (“SCCS”).

The mission of the Scientific Committee on Consumer Safety (SCCS) is to provide the European Commission with scientific opinions concerning risk assessment of consumer products, mainly cosmetic products and their ingredients, which the Commission uses to develop policies on the consumer protection.

To meet the anticipated increase in submission of safety dossiers based on alternative (animal-free) methods and read-across models due to the EU animal testing ban for cosmetics², the Directorate-General for Health and Food Safety, in consultation with the SCCS, decided to launch a specific call to appoint external expert(s) who will assist the work of the SCCS. They will be appointed in their personal capacity as external experts to appropriate working groups of the SCCS.

More information on the work of the SCCS, its Rules of Procedure, current composition as well as their past opinions can be found under [Overview \(europa.eu\)](http://ec.europa.eu/health/scientific_committees/experts/database_en).

2. Appointment of external experts

External experts appointed to the SCCS may be selected from the Reserve list of suitable candidates³, from the Database of experts⁴, or from a specific open Call launched by the Secretariat, in that order of priority. The SCCS Secretariat searched the Reserve list of suitable candidates and the Database of experts, but there is need to launch a targeted Call as the needed expertise is specific.

The Chair and Vice-Chairs of the SCCS shall be consulted by the Secretariat to select the candidates from the shortlist. The final decision remains for the Commission services based on the assessment of the independence of the experts (DG SANTE, Unit B3).

3. Rules of engagement and operation of the SCCS

The SCCS and its working groups shall act at the request of the Commission Directorates-General which presents a mandate/question to the Committee, in compliance with Decision C(2015) 5383 and SCCS Rules of Procedures⁵. For aspects not covered by Decision C(2015) 5383, the Commission’s horizontal rules on expert groups (‘the horizontal rules’)⁶ shall apply.

External experts are expected to:

- attend meetings systematically;
- contribute actively to discussions of the SCCS working groups;

- be involved in preparatory work ahead and drafting documents after the meetings;
- examine and provide comments on opinions, statements or guidance document that are drafted and discussed during meetings of the working groups;
- attend workshops and hearings on invitation;
- act, when appropriate, as ‘rapporteur’ for a scientific opinion.

Candidates should be aware that participation in the work of the SCCS working groups requires a commitment of approximately 4 hours a week on average.

Experts involved in working groups will need to attend more meetings (as an average 10 meetings a year per working group). Candidates should be willing to work with electronic methods for the management and exchange of documents and also interactive meetings (audio-meetings).

Candidates are required to express their commitment that, if appointed, they will participate in the activities of the SCCS according to the investment of time and effort as described above.

The working language of SCCS and its working groups is English, their working documents are in English, and the meetings are also conducted in English.

External experts are entitled to an allowance related to their preparation in the meetings of the working groups. The indemnities are provided for in Annex II to [Commission Decision C\(2015\) 5383](#).

Travel, accommodation and subsistence expenses incurred by participants in the activities of SCCS will be reimbursed by the Commission. Reimbursement shall be made in accordance with the provisions in force within the Commission and within the limits of the available appropriations allocated to the Commission departments under the annual procedure for the allocation of resources.

The members and external experts of the SCCS are subject to the obligation of professional secrecy, which by virtue of the Treaties and the rules implementing them applies to all members of the institutions and their staff, as well as to the Commission's rules on security regarding the protection of Union classified information, laid down in Commission Decisions (EU, Euratom) 2015/443⁷ and 2015/444⁸. Should they fail to respect these obligations, the Commission may take all appropriate measures.

4. Transparency

The SCCS and its working groups are registered in the Register of Commission expert groups and other similar entities (‘the Register of expert groups’)⁹.

The names of the members of the Committee and members of the working groups are published in the Register of the expert groups and on the website of DG SANTE.

DG SANTE shall make available all relevant documents, including agendas, minutes and participants, either on the Register of expert groups or *via* a link from the Register to a dedicated website, where this information can be found. Access to dedicated websites shall not be submitted to user registration or any other restriction. In particular, DG SANTE shall ensure timely publication of the meeting minutes. Exceptions to publication shall only be foreseen where it is deemed that disclosure of a document

would undermine the protection of a public or private interest as defined in Article 4 of Regulation (EC) N° 1049/2001¹⁰.

Personal data shall be collected, processed and published in accordance with Regulation (EU) No 2018/1725¹¹.

5. Application procedure

Interested candidates are invited to submit their application to the European Commission, DG SANTE. The on-line application form is available at:

https://health.ec.europa.eu/scientific-committees/consultations_en

As the working language of the expert panels is English, all applications must be completed in English.

An application will be deemed admissible only if it is sent by the deadline and includes the documents referred to below. All documents submitted by applicants should be duly filled in, legible, signed and numbered sequentially.

Supporting documents

Each application shall include the following documents:

- correctly filled in on-line application form;
- *Curriculum vitae* (CV), preferably not exceeding three pages. A template CV is part of the on-line application form;
- A list of publications: 10 best publications, and all publications of the last 5 years;
- A declaration of interests ('DOI') (see Application form) where applicants to be appointed as external experts of the working group in a personal capacity must disclose any circumstances that could give rise to a conflict of interest. Submission of a duly completed declaration of interests ('DOI') form on the basis of the standard DOI form for expert groups is necessary in order to be eligible to be appointed in a personal capacity. Individuals who answer in the affirmative questions included in the DOI form are required to supply further **details** by filling in the section 'Description'. DG SANTE shall perform the conflict of interest assessment in compliance with the horizontal rules¹².

Additional supporting documents may be requested at a later stage.

Deadline for application

The duly filled in application and the supporting documents must be submitted online by **5 December 2022** at the latest.

¹⁰ These exceptions are intended to protect public security, military affairs, international relations, financial, monetary or economic policy, privacy and integrity of the individual, commercial interests, court proceedings and legal advice, inspections/investigations/audits and the institution's decision-making process. 6. Eligibility criteria

Applicants must have:

- a university degree or equivalent granting access to undertake postgraduate studies;
- at least 10 years of professional experience in the area of expertise for which the candidate is applying;
- ability to work in English: members must be able to read and report in English, in writing and orally, since it is the language in which the vast majority of relevant scientific literature is written in the international context.

To conduct a comprehensive risk assessment, as required by its mandate, the SCCS has identified a need for external experts to participate in its working groups. Therefore, candidates shall have proven specific expertise in the following areas:

Experience in **risk assessment** related to consumer safety is **essential**.

Preference will be given to experts who can cover some of the following areas of expertise for the assessment of chemical toxicity:

1. **Exposure & risk assessment**

- kinetics
- PBPK
- probabilistic exposure
- aggregate exposure
- mixture

2. **Hazard & risk assessment**

- regulatory toxicology
- alternative (animal free), testing methods, NAMs, NGRA
- alternative non-testing methods (e.g. QSAR models, read-across tools),
- omics methods
- integrated testing approaches, IATA, AOP
- toxicokinetics
- in vitro/in vivo extrapolation
- weight of evidence in risk assessment

Additional expertise (e.g. endocrine disruption, extrapolation of exposure data) will be a plus.

Candidates who do not meet these eligibility criteria will be excluded from the following evaluation phases.

7. Selection criteria

In addition to the above specific requirements, DG SANTE will take the following criteria into account when assessing applications:

- proven and relevant competence and experience, including at European and / or international level, in areas relevant to the work of the SCCS and in particular the ones mentioned in point 6 of the call;
- absence of circumstances that could give rise to a conflict of interest (individuals applying to be appointed in a personal capacity only);

- good knowledge of the English language allowing active participation in the discussions.

8. Selection procedure

The selection procedure shall consist of an assessment of the applications performed by DG SANTE against the selection criteria listed in this call, followed by the establishment of a list of the most suitable applicants, and concluded by the appointment of the external expert.

When assessing the applications, DG SANTE shall aim at ensuring, as far as possible, a high level of expertise, as well as a balanced representation of relevant know-how and areas of interest, while taking into account the specific tasks required and the type of expertise required, as well as the relevance of the applications received.

Particular attention will be paid to the independence of applicants, as the individual experts are appointed in their personal capacity. DG SANTE shall also seek a geographical balance and a gender balance.

Successful candidates will be informed of their selection in early 2023.

For any further information, please contact SANTE-SCCS@ec.europa.eu.

Annex II:

Standard declaration of interests (DOI) form for individuals applying to be appointed as members of expert groups or sub-groups in a personal capacity

Legal basis:

Commission Decision C(2016)3301 establishing horizontal rules on the creation and operation of Commission expert groups, Articles 2(4) and 11.

Definitions:

"Conflict of interest" means any situation where an individual has an interest that may compromise or be reasonably perceived to compromise the individual's capacity to act independently and in the public interest when providing advice to the Commission in relation to the subject of the work performed by the expert group or sub-group in question.

"Immediate family member" means the individual's spouse, children and parents. "Spouse" includes a partner with whom the individual has a registered non marital regime. "Children" means the child(ren) the individual and the spouse have in common, the own child(ren) of the individual and the own child(ren) of the spouse.

"Legal entity" means any commercial business, industry association, consultancy, research institution or other enterprise whose funding is significantly derived from commercial sources. It also includes independent own commercial businesses, law offices, consultancies or similar.

"Body" means a governmental, international or non-profit organisation.

"Meeting" includes a series or cycle of meetings.

Please answer each of the questions below. If the answer to any of the questions is "yes", please provide details on relevant interests and circumstances, as appropriate.

If you do not do so, your DOI form will be considered incomplete and, therefore, your application to be appointed as a member of an expert group or sub-group in a personal capacity shall be rejected.

Annex III

Guidance for filling in the declaration of interests (DOI) form by individuals applying to be appointed as members of expert groups or sub-groups in a personal capacity

According to the Commission's horizontal rules on expert groups ('the horizontal rules'), Commission expert groups and other similar entities are consultative bodies¹⁵, the role of which is to provide advice and expertise to the Commission and its departments in relation to a number of tasks¹⁶. Individuals appointed as members of expert groups or sub-groups in a personal capacity are due to act independently and in the public interest¹⁷.

In order to ensure the highest integrity of experts, you are requested to duly complete the DOI form. You are required to disclose any circumstances that could give rise to a conflict of interest, i.e. any situation where your interests may compromise or may reasonably be perceived to compromise your capacity to act independently and in the public interest in providing advice to the Commission, in relation to the subject of the work performed by the expert group or sub-group in question. In particular, you must disclose in this DOI form any relevant professional and financial interests.

You must also declare relevant interests of your immediate family members. If interests of your immediate family members are declared, it is your responsibility to inform them about the collection and publication of information on their interests included in this DOI form and to provide them with the privacy statement attached to this guidance, and this at the latest when you file the DOI form with the Commission.

Please submit the completed DOI form to the competent Commission department, together with your CV, as part of your application to become member of an expert group or sub-group in a personal capacity. If there is any change concerning the information provided in the form, including on upcoming activities, you must promptly inform the competent Commission departments by completing a new DOI form which describes the changes in question.

Please note that having a declared interest does not necessarily mean having a conflict of interest. Answering "Yes" to a question on this DOI form does not automatically disqualify you or limit your participation in an expert group or sub-group. The competent Commission departments will review your answers in accordance with the horizontal rules and determine whether a conflict of interest relevant to the subject at hand exists¹⁸.

Where the competent Commission departments conclude that no conflict of interest exists, you are eligible to be appointed in a personal capacity. Where the competent Commission departments conclude that your interests may compromise or be reasonably perceived to compromise your capacity to act independently and in the public interest when providing advice to the Commission in relation to the subject of the work performed by the expert group or sub-group in question, they shall take one of the

¹⁶ Idem, Article 3.

¹⁷ Idem, Article 7.2. (a).

¹⁸ Idem, Article 11.

following measures to deal with the conflict of interest detected, depending on the specific circumstances:

- You shall not be appointed in a personal capacity to the expert group or sub-group in question; in such case the competent Commission department shall inform you about the outcome of the conflict of interest assessment performed;
- You shall be appointed as member of the expert group or sub-group in a personal capacity with a number of specific restrictions: you may be excluded from certain meetings and/or activities carried out by the group, such as drafting opinions or recommendations; you may also be required to abstain from discussing certain agenda items and/or from any vote on those items;
- You shall be appointed as member of the expert group or sub-group representing a common interest shared by a number of stakeholders, after consultation of the stakeholders concerned.

Your DOI form shall be made publicly available on the Register of Commission expert groups and other similar entities, as long as you are appointed as member of the expert group or sub-group in a personal capacity. Technical measures will be taken to indicate to search engines that your DOI form should not appear in search results.

If you decline to complete a DOI form, you are not eligible to be appointed as a member of the expert group or sub-group in question in a personal capacity.

Personal data shall be stored, processed and published by the Commission in accordance with Regulation (EU) 2018/1725¹⁹ and Commission Decision C(2016) 3301²⁰.

¹⁹ Regulation (EU) 2018/1725 on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data.

1. Introduction

The European Commission (hereafter ‘the Commission’) is committed to protect your personal data and to respect your privacy. The Commission collects and further processes personal data pursuant to [Regulation \(EU\) 2018/1725](#) of the European Parliament and of the Council of 23 October 2018 on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data.

This privacy statement explains the reasons for the processing of your personal data, the way we collect, handle and ensure protection of all personal data provided, how that information is used and what rights you have in relation to your personal data. It also specifies the contact details of the responsible Data Controller with whom you may exercise your rights, of the Data Protection Officer and of the European Data Protection Supervisor.

This privacy statement concerns the following processing operations:

- (1) “selection of members of Commission expert groups and other similar entities” undertaken by the Commission department which runs the selection process for your expert group and which is the Data Controller for the selection process DG SANTE B3, and
- (2) “publication of personal data on the Register of expert groups and other similar entities” undertaken by the Commission, Secretariat-General, Unit F.4 which is the Data Controller together with the Commission department managing your expert group.

As a rule, the selection of expert group members is carried out via public calls for applications, except for Member States’ authorities and other public entities and for certain representative bodies established by Union legislation for advice in specific areas.

The Register of expert groups and other similar entities is a public database containing a list of Commission expert groups and other similar entities and their sub-groups. For each expert group, the Register provides valuable information including personal data on the members of the expert groups, and their alternate, if any, members’ representatives, as well as of the groups’ observers and their representatives. The Register also includes documents that are produced and discussed by expert groups and which can contain personal data.

For the purpose of this privacy statement and the corresponding records, the term “expert groups” describes Commission expert groups in the sense of Article 2(1) of Commission Decision C(2016)3301²³ and their sub-groups, as well as other similar entities in the sense of Article 2(2) of Commission Decision C(2016)3301 and their sub-groups.

2. Why and how do we process your personal data?

Purpose of the processing operations:

The Data Controllers collect and use your personal data to manage Commission expert groups, in particular by selecting their members and observers, and to ensure transparency on expert groups’ membership and activities. In that context, in order to select among the applicants who best fulfil the selection criteria mentioned in the call for applications, Commission services collect and assess personal information of candidate members and observers of the expert

groups, of representatives of candidate members and observers, and of immediate family members of candidate members and observers to be appointed in personal capacity to act independently and in the public interest.

Furthermore, Commission services collect and assess personal information of observers and members' and observers' representatives of the expert groups which are appointed directly and not selected through a public call for applications.

For candidates, personal data are stored by the Commission service managing the expert group. Some types of personal data of individuals appointed as members (either appointed in personal capacity to act independently and in the public interest or to represent a common interest shared by stakeholders in a particular policy area) are made publicly available on the Register of expert groups (as described under Headings 4 and 5 of this privacy statement). The names of the representatives of organisations, Member States and other public entities, as well as the name of specific national departments or other public authority which they represent may also be made publicly available on the Register of expert groups.

Your personal data will not be used for an automated decision-making including profiling.

3. On what legal ground(s) do we process your personal data

We process your personal data, because processing is necessary for the performance of a task carried out in the public interest (Article 5(1)(a) of Regulation (EU) 2018/1725), since it allows for the selection of members of expert groups (individuals appointed as members in a personal capacity, individuals appointed to represent a common interest and organisations) and also increases the transparency on expert groups. Processing is also necessary to comply with a legal obligation to which the controller is subject (Article 5(1)(b) of Regulation (EU) 2018/1725). The Union act for such necessary processing under Article 5(1)(a) and (b) of Regulation (EU) 2018/1725 is Commission Decision C(2016)3301 of 30 May 2016 establishing horizontal rules on the creation and operation of Commission expert groups and in particular Articles 10 and 22 thereof.

As regards, in particular, the declarations of interests filled in by candidate members to be appointed in a personal capacity in expert groups, the processing of personal data serves the public interest of enabling the Commission to verify in the process of selection the experts' independence in providing advice to the Commission. Furthermore, the public disclosure of declarations of interests of those experts once appointed allows for public scrutiny of the interests declared by these experts, which is necessary in order to ensure public confidence in the independence of these experts. The public disclosure of declarations of interests also ensures a high degree of transparency with respect to the membership of expert groups and aims at contributing to fostering the integrity of the experts in question.

The names of the representatives of organisations, Member States' authorities and other public entities is usually not published in the Register of expert groups, as those persons only express the position of the organisation or entity that they represent, and, therefore, it is the name of the organisation, Member State's authority or other public entity that matters to ensure transparency of the work of the expert group. Any publication of names of the representatives of organisations, Member States' authorities and other public entities in the Register of expert groups is based on consent (Article 5(1)(d) of Regulation (EU) 2018/1725), unless specific and exceptional circumstances make it necessary to publish them to achieve the purpose of the processing operation, in accordance with Article 5(1)(a) of Regulation (EU) 2018/1725.. No other types of personal data of representatives is published.

The submissions of members in the context of the work of expert groups and subgroups are generally made public, with personal data withheld where appropriate.

In the cases when the group is chaired by a person different than the Commission or its services, the name of this person may be published on the basis of consent (Article 5(1)(d) of Regulation (EU) No 2018/1725).

4. Which personal data do we collect and further process?

In order to carry out these processing operations, the Data Controller may collect the following categories of personal data:

- *Name;*
- *Function;*
- *Contact details (for example, e-mail address, telephone number, mobile telephone number, fax number, postal address, company and department, country of residence, IP address);*
- *Information for the evaluation of selection criteria or eligibility criteria (for example, expertise, technical skills and languages, educational background, professional experience, including details on current and past employment);*
- *Nationality;*
- *Gender;*
- *Interest represented (only for individuals applying to be appointed as members of expert groups or sub-groups representing a common interest shared by stakeholders in a particular policy area and for organisations applying to be appointed as members of expert groups or sub-groups, as well as for their designated representatives);*
- *Information included in the declarations of interests, including personal data of immediate family members as required in the declaration of interests (only for individuals applying to be appointed as members of expert groups or sub-groups in a personal capacity).*
- *Personal data that may be included in submissions of members of expert groups.*

The provision to the Commission service of the personal data required is mandatory to meet a legal requirement of selecting members of expert groups as set in Commission Decision C(2016)3301. In principle, for individuals appointed as members or observers in personal capacity to act independently and in the public interest and for individuals appointed as members or observers to represents a common interest, the types of personal data listed above (with the exception of contact details and information for the evaluation of selection criteria or eligibility criteria) are made publicly available on the Register of expert groups, in order to comply with the legal requirement to ensure transparency on the composition and functioning of Commission expert groups. If you do not provide the personal data required, possible consequences are that you will not be considered for selection as a member of an expert group or, if already selected, your membership will be suspended.

The submissions of members in the context of the work of expert groups and subgroups are generally made public, with personal data withheld where appropriate.

With the prior freely given, specific, informed and unambiguous consent of the representatives of organisations, Member States' authorities and other public entities, their names may also be published on the Register. They may furthermore be published in specific and exceptional circumstances where such publication is necessary to achieve the purpose of the processing operation.

The name of a person chairing the group, when this person is not from within the Commission (i.e. the group elects a chair from among its members or the Commission or its services appoint an individual as chair), may be published with his/ her prior freely given, specific, informed and unambiguous consent.

5. How long do we keep your personal data?

The Data Controller only keeps your personal data for the time necessary to fulfil the purpose of collection or further processing. The following modalities apply:

- The competent Commission services keep personal data submitted to them as part of rejected applications for three years after the end of the selection process and do not process them for other purposes; these personal data are not published on the Register of expert groups.
- The expert group and some types of personal data of its members and observers, as described in Heading 4, are published on the Register of expert groups during the duration of existence of the expert group.
- When an individual is no longer member or observer or representative of a member or observer of an expert group listed in the Register of expert groups, all personal data related to this individual, including a declaration of interests, is removed from the Register and is therefore not public anymore.
- The competent Commission services keep personal data for the period during which the relevant individual is a member or an observer or a representative of a member or of an observer of the group and for five years after the date on which the individual is no longer member or observer or representative of a member or observer of the group. Following this five-year period, the personal data is transferred to the historical archives and a review takes place no later than 25 years after that transfer to the historical archives to evaluate whether to keep the data permanently or to delete some or all data.
- When a group is closed down, it remains published in the Register of expert groups for five years, with the indication 'Closed'. Those types of personal data other than the declarations of interests of members appointed in personal capacity that were published while the group was active remain visible on the Register of expert groups during these five years. On the contrary, the said declarations of interests are removed from the Register after closure of a group and are therefore not public anymore; they are however kept by the competent Commission service for a period of five years after the closure of the group. Following this five-year period after the closure of the group, the personal data is transferred to the historical archives and a review takes place no later than 25 years from that transfer to evaluate whether to keep the data permanently or to delete some or all data.
- An XML file is created daily with all the information regarding active groups. All versions of this file, showing the situation of the Register of expert groups as of the day it was created, are stored in a file server for 5 years and are not public.

6. How do we protect and safeguard your personal data?

Personal data submitted in paper form is stored in the competent Commission service. All personal data in electronic format (e-mails, documents, databases, uploaded batches of data, etc.) are stored on the servers of the Commission (*or of its contractors (processors), if contractors are engaged to assist the controller*). All processing operations are carried out pursuant to the [Commission Decision \(EU, Euratom\) 2017/46](#) of 10 January 2017 on the security of communication and information systems in the European Commission.

In order to protect your personal data, the Commission has put in place a number of technical and organisational measures. Technical measures include appropriate actions to address online security, risk of data loss, alteration of data or unauthorised access, taking into consideration the risk presented by the processing and the nature of the personal data being processed. Organisational measures include restricting access to the personal data solely to authorised persons with a legitimate need to know for the purposes of this processing operation.

If the controller uses (a) contractor(s) (processor(s)) to assist the controller, this will be indicated in the specific privacy statement and the following paragraph will be provided:

The Commission's processors (contractors) are bound by a specific contractual clause for any processing operations of your personal data on behalf of the Commission. The processors have to put in place appropriate technical and organisational measures to ensure the level of security, required by the Commission.

7. Who has access to your personal data and to whom is it disclosed?

Access to your personal data collected in the course of the process of selection of members of expert groups is provided to the Commission staff authorised for carrying out this processing operation and to other authorised Commission staff according to the "need to know" principle. Such staff abide by statutory, and when required, additional confidentiality agreements.

Certain personal data collected, as explained in Headings 4 and 5, are publicly available on the Register of expert groups.

The XML files referred to in Heading 5 are only accessible to a reduced number of users in the Secretariat-General (System Owner) and IT development team within the Commission (System Supplier).

Please note that pursuant to Article 3(13) of Regulation (EU) 2018/1725, public authorities (e.g. Court of Auditors, EU Court of Justice, European Ombudsman) which may receive personal data in the framework of a particular inquiry in accordance with Union or Member State law shall not be regarded as recipients. The further processing of those data by those public authorities shall be in compliance with the applicable data protection rules according to the purposes of the processing.

The information we collect will not be given to any third party, except to the extent and for the purpose we may be required to do so by law.

8. What are your rights and how can you exercise them?

You have specific rights as a 'data subject' under Chapter III (Articles 14-25) and Article 35 of Regulation (EU) 2018/1725, in particular the right to access your personal data and to rectify them in case your personal data is inaccurate or incomplete. Under certain conditions, you have the right to erase your personal data, to restrict the processing of your personal data, to object to the processing and the right to data portability.

You have the right to object to the processing of your personal data on grounds relating to your particular situation in accordance with Article 23(1) of Regulation (EU) 2018/1725.

As indicated in Heading 4, if you are a representative of an organisation, Member State or another public entity, you may consent to have your name published on the Register of expert groups. You can withdraw your consent at any time by notifying the Data Controller. The withdrawal will not affect the lawfulness of the processing carried out before you have withdrawn the consent.

Finally, and only as regards the publication of your name on the Register of expert groups, you may submit a request to the competent Commission service for a derogation where justified on compelling legitimate grounds in relation to your specific situation (such as the case where the publication of your name on the Register of expert groups could endanger your security or integrity).

You can exercise your rights by contacting the Data Controller or, in case of conflict, the Data Protection Officer. If necessary, you can also address the European Data Protection Supervisor. Their contact information is given under Heading 9 below.

Where you wish to exercise your rights in the context of one or several specific processing operations, please provide their description (i.e. their Record reference(s) as specified under Heading 10 below) in your request.

Data subject requests shall be handled within one month from receipt of the request by the Commission. That period may be extended pursuant to 14(3) of Regulation (EU) 2018/1725. Should more time be required to handle the request for justified reasons, the data subject shall receive a holding reply from the unit responsible for the request.

9. Contact information

- The Data Controller

Regarding the personal data collected in the course of the process of selection of the members of the expert groups, if you would like to exercise your rights under Regulation (EU) 2018/1725, or if you have comments, questions or concerns, or if you would like to submit a complaint, please contact the functional mailbox of the Commission service in charge of a specific expert group (i.e. service, indicated in the specific privacy statement for that expert group).

Likewise, as regards the data published on the Register of expert groups, please contact the corresponding Data Controller Secretariat-General, Unit F4: SG-EXPERT-GROUPS@ec.europa.eu.

- The Data Protection Officer (DPO) of the Commission

You may contact the Data Protection Officer (DATA-PROTECTION-OFFICER@ec.europa.eu) with regard to issues related to the processing of your personal data under Regulation (EU) 2018/1725.

- The European Data Protection Supervisor (EDPS)

You have the right to have recourse (i.e. you can lodge a complaint) to the European Data Protection Supervisor (edps@edps.europa.eu) if you consider that your rights under Regulation (EU) 2018/1725 have been infringed as a result of the processing of your personal data by the Data Controller.

10. Where to find more detailed information?

The Commission Data Protection Officer (DPO) publishes the register of all processing operations on personal data by the Commission, which have been documented and notified to him. You may access the register via the following link: <http://ec.europa.eu/dpo-register>.

These specific processing operations will be included in the DPO's public register with the following Record references: DPR-EC-01066 and DPR-EC-00656.
