- All member states:
 - Tackle health inequities through action on the social determinants of health
 - Impact of policies and programmes on health inequities;
 - Health equity in global development goals

UN sustainable development goals:

A photograph of two children in a slum. A boy in a grey and black jacket is running towards the camera, while a girl in an orange shirt and dark pants is crouching behind him. The background shows simple, weathered buildings with red-tiled roofs. The ground is muddy and has some puddles. The text 'Health is a human right' is overlaid in large white font, with 'Do something', 'Do more', and 'Do better' stacked below it in a smaller white font.
