

Health Care Costs E-invoicing in Estonia

Miret Tuur

Estonian Health Insurance Fund

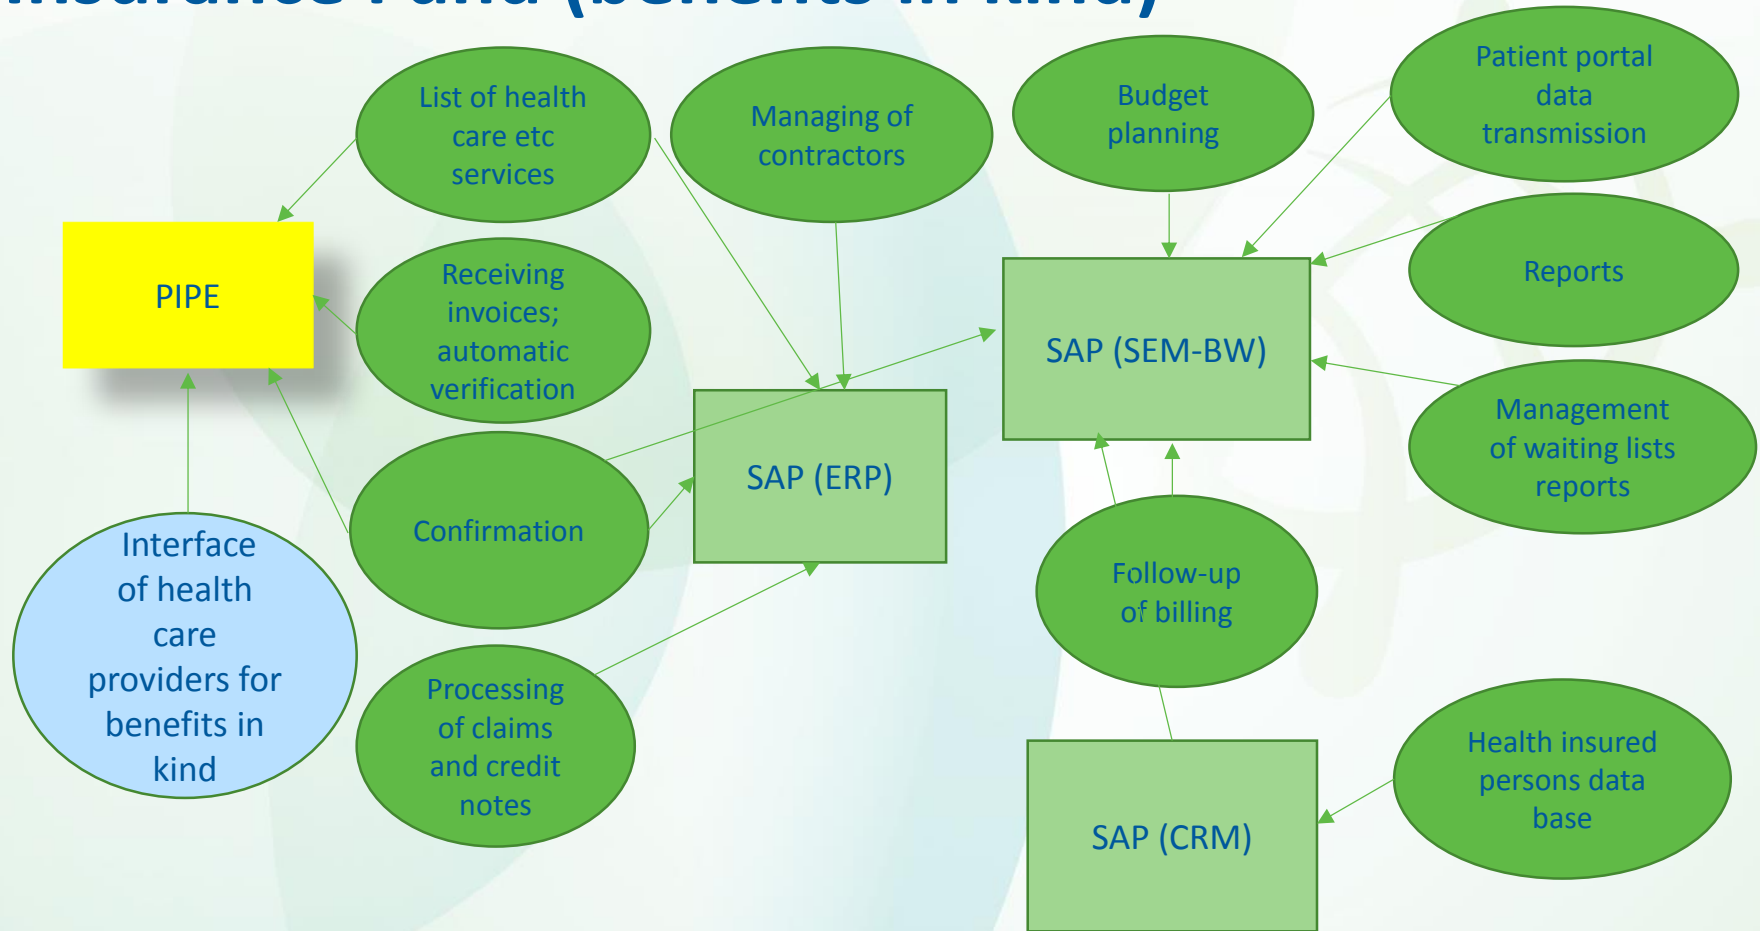

Head of Person-Based and Cross-Border Treatment Division

5.05.2017

Estonian
Health Insurance
Fund

Information systems in the Estonian Health Insurance Fund (benefits in kind)

What is PIPE?

Fast, reliable, secure channel sending e-documents to the EHIF's information system, since 2002

PIPE is unified solution

- sending e-documents to the EHIF's information system
- by different contractors,

Data exchange is:

- electronical,
- structured, based on XML,
- without paper

The development of the pipe has been in process every year.

There are:

50 format controls

135 content controls

PIPE is able to receive up to 2500 invoices with one summary invoice, previous month invoices may be uploaded to PIPE until 7th date every month

Positive: high quality data for statistics, reports, analyses (in SAP BW)

ARTERY coming in 2019!

PIPE has limited resources for ongoing developments

New project ARTERY – better control of the contracts and budgeting in a real time

E-invoices

For the public sector obligatory to receive e-invoices since March 1 2017

For the private sector obligatory to send standardized e-invoices to the public sector since July 1 2017

The background features several overlapping, semi-transparent shapes in shades of light green and pale blue. On the right side, there is a faint, stylized illustration of a person in a dynamic, athletic pose, possibly a dancer or a gymnast, rendered in a light green color.

THANK YOU FOR YOUR ATTENTION!
