

Repurposing of medicines European Commission Expert Group on Safe and Timely Access to Medicines for Patients (STAMP)

**Pharmaceutical Committee
1 April 2019**

STAMP – Repurposing discussions

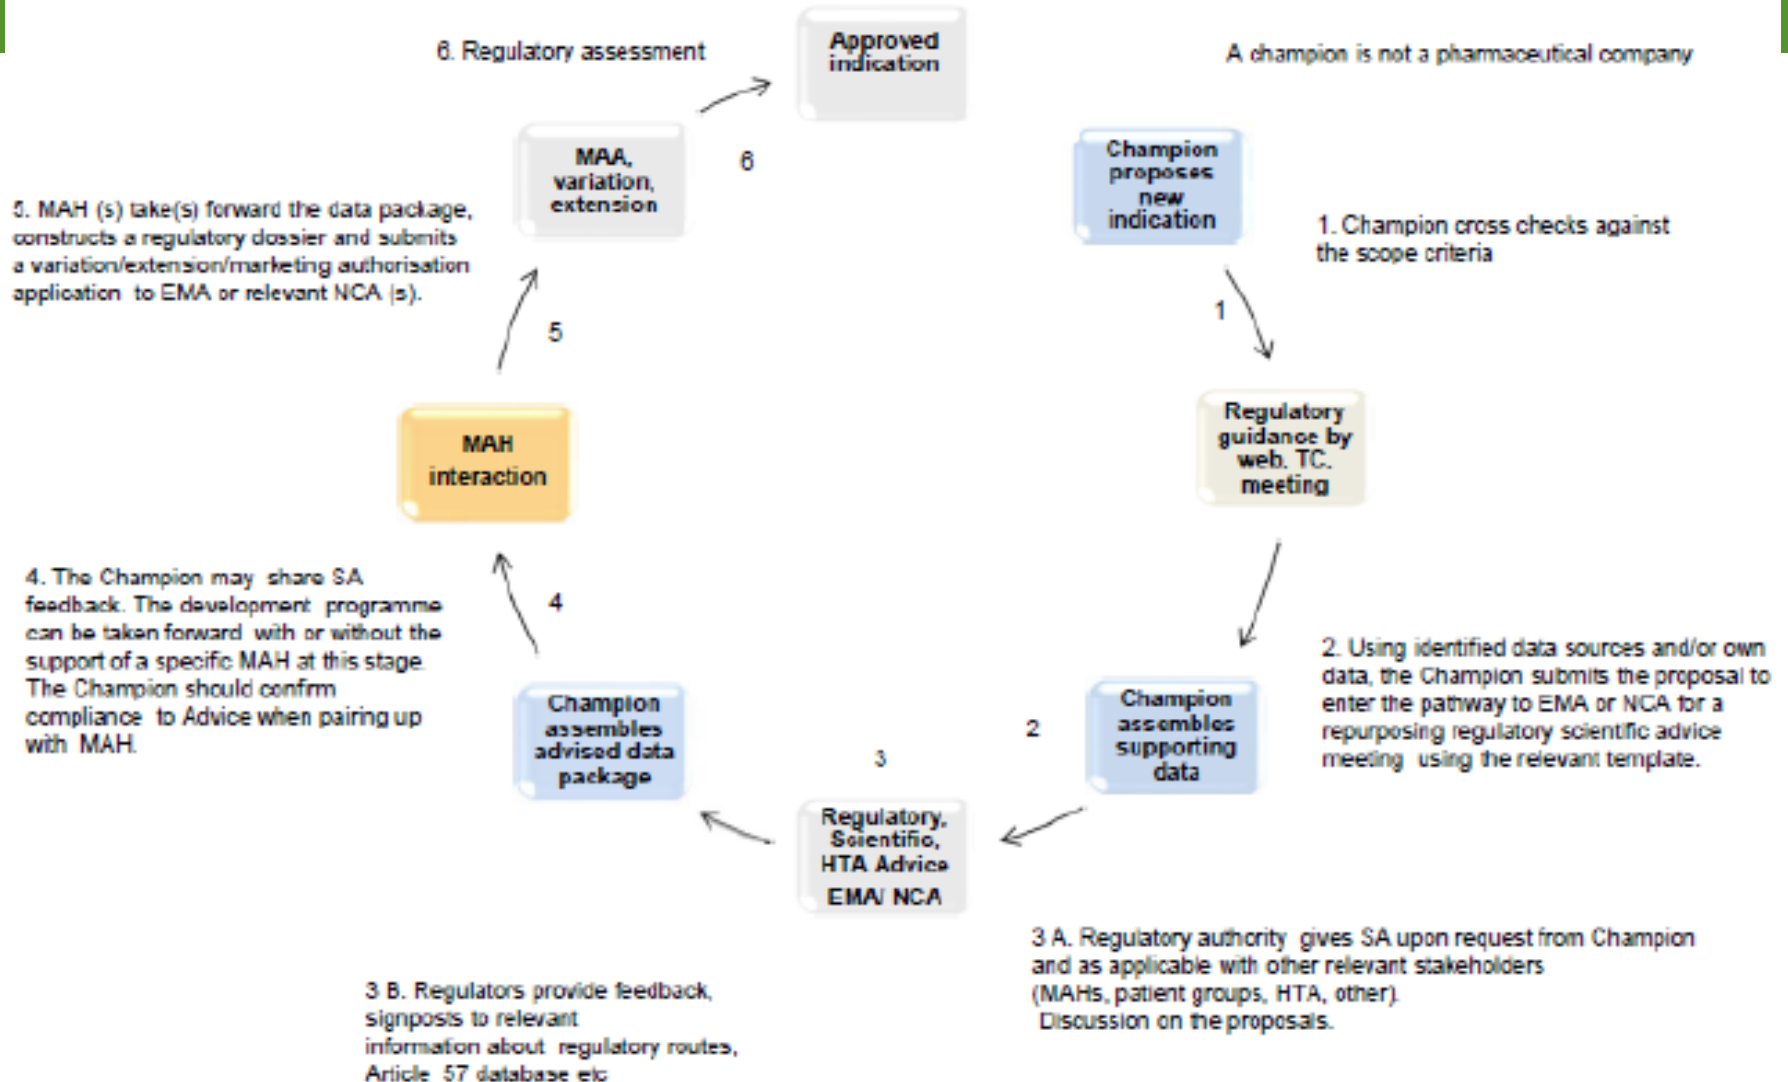

- Since March 2016 repurposing of medicines discussed in STAMP
- June 2018 proposal for a framework on repurposing discussed and further developed
- December 2018 principles of framework agreed
- Pilot to test and monitor the framework

Framework

- Aim to provide a visible supportive framework to not-for-profit stakeholders who have the data and scientific rationale for a new indication, and who have the aim to see this new use on-label

Repurposing of MP's out of patent & data protection

Proposed pilot

- To test the framework a pilot is proposed with a monitoring board
- Aim of a pilot is to assess whether the proposed framework is able to facilitate an application for new indication(s)
- In order to provide support to potential Champions, provide a governance role and to conclude on the pilot, proposed to create a voluntary virtual monitoring board
