European Commission

Communication on enabling the digital transformation of health and care in the Digital Single Market

Three pillars for action:

1. CITIZENS' SECURE ACCESS TO AND SHARING OF HEALTH DATA

2. BETTER DATA TO PROMOTE RESEARCH, DISEASE PREVENTION AND PERSONALISED HEALTH AND CARE

3. DIGITAL TOOLS FOR CITIZEN EMPOWERMENT AND FOR PERSON-CENTRED CARE

Health

Digital Tools For Citizen Empowerment and Person-Centred Care

❑ Support the **exchange of innovative and best practices**, **capacity building** and **technical assistance** for **health and care authorities** (for using open standards and interoperable digital solutions to promote health, prevent and manage chronic conditions, empower people and centre care on the person), with **financial support from** Horizon 2020, the Structural Reform Support Programme and **the third Health programme** …

➢ Marketplace event on 12-13 December in Ispra to initiate possible transfer/replication of best practices

Health

Selecting best practices

- 10 practices, mainly from regional level

- Digital technologies and tools to facilitate the delivery of integrated & person-centred care

- Beyond proof-of-concept and pilot phase:

  ➢ being mainstreamed or already operational on the ground

- Evidence of benefits

- Geographical balance

Attributes of good practices

- Integration: within healthcare only or across health-social care

- Chronic conditions (e.g. hypertension, diabetes, COPD, asthma, health failure, Parkinson's)

- Multi-morbidities

- Frail people & patients with complex needs

- Self-care

- Prevention

- Population health, disease management, case management

A variety of digital solutions

- Electronic Health Records

- Electronic Prescriptions

- Portals / IT platforms

- Telemonitoring (telehealth or telecare)

- mHealth

- Data Analytics, Stratification/Prediction tools

Questions and follow-up

❑ Interested in any specific practice(s)?

❑ Any specific information, details, explanations you wish to hear from the practice owners?

❖ Coordinate presence with members of HSPA group and eHealth Network
