

EC-EU^{ne}HTA HTA FORUM

"European cooperation on HTA, what's next?"

21 October 2016

European Commission
DG SANTE - Health Systems,
Medical Products and Innovation

Outline

Panel 1

- Past achievements and shortcomings
- Opportunities and challenges for the current model

Panel 2

- Synergies with HTA bodies
- Regional collaboration on HTA

Panel 3

- Future of HTA in Europe
- HTA and EU cooperation on access to medicine

Outcomes

- Consensus on moving forward with European cooperation on HTA and commitment to the cause
- Further cooperation efforts should build on the tools and methods developed in the Joint Actions
- Inclusiveness and trust is key in any further development
- Synergies between regulatory and HTA bodies offer new opportunities and permit to better respond to the needs of national decision-makers, industry and patients

The report will be available soon
