Cancer Inequalities Registry

4 June 2021

Europe's Beating Cancer Plan

- Flagship 9:

“...Commission will establish a Cancer Inequalities Registry. It will identify trends, disparities and inequalities between Member States and regions. Alongside regular qualitative assessments of the country-specific situation, the Registry will identify challenges and specific areas of action to guide investment and interventions at EU, national and regional level under Europe's Beating Cancer Plan.”

Cancer Inequalities Registry

- Building on existing expertise and data
 - Closely linked to European Cancer Information System / European Network of Cancer Registries (JRC)
 - Existing data, surveys and qualitative information (iPAAC, IARC, WHO, ESTAT)
 - Established and recognised processes (OECD)
 - Advised by and closely involving Member States (SGPP cancer sub-group)
 - Considering relevant stakeholder input (Stakeholder contact group)

Thank you
