How to use this document

This form may be used by Sponsors of clinical trials in the Part II application dossier to provide information about “compliance with the applicable rules for the collection, storage and future use of biological samples from clinical trial subjects” (Regulation (EU) No 536/2014, Article 7.1 (h)). This is not a mandatory form and different national arrangements may be in place, which should be confirmed prior to submission.

If the information is already provided elsewhere in the Application Dossier, a reference should be provided. To facilitate use of the template, each section can be compressed by clicking on the title.

This Part II template has been developed by the EU Clinical Trials Expert Group to comply with Regulation (EU) No 536/2014 Clinical Trials on Medicinal Products for Human Use.
