European Centre for Disease and Control - 3rd External Evaluation

ECDC is currently undergoing its 3rd external evaluation in accordance with its Founding Regulation. The evaluation will assess the Centre's performance between 2013 and 2018 and the extent to which it continues to meet stakeholder needs and achieve its objectives. In addition, the evaluation will look at the possible need for an extension of the Agency's current mandate.

As part of this evaluation, a stakeholder open public consultation is being carried out to collect the views of ECDC stakeholders on the relevance of the ECDC's mission, tasks and activities and on how it has been performing them. Stakeholders are invited to provide their input by completing the open public consultation, which can be found at the following link:

The deadline for completing the consultation is **01 March 2019**.

Thanks in advance for your participation.
