## Healthier together - EU Non-communicable Diseases Initiative

Stakeholders webinar

Monday 28 November 2022, 14.30 – 16.30 CET, Brussels time

Dear colleague,

We would like to invite you to a stakeholder webinar to provide an update of the implementation of the **Healthier together – EU NCD Initiative**.

The Healthier Together Initiative was presented in June 2022 to help Member States in addressing the burden of non-communicable diseases. It consists of five strands (health determinants, cardiovascular diseases, diabetes, chronic respiratory diseases as well as mental health and neurological disorders). Actions on health determinants, diabetes and cardiovascular diseases are taken forward under the [EU4Health](#) annual work programme for 2022 already. **The upcoming webinar will focus on the remaining strands, namely on mental health and neurological disorders as well as chronic respiratory diseases.**

We invite you to register here to join this webinar on the EU NCD Initiative:
