

The Countdown is on! Two weeks left to submit your project to the 2020 EU Health Award on vaccination and healthy lifestyles!

Do you represent an NGO, a school or a kindergarten that promotes vaccination in children (0-18 years old)? Why not enter your initiative to increase the visibility of your work in public health at EU level?

Or do you represent a city or a school that promotes healthy lifestyles for children (6-18 years old)? Is your initiative innovative? Did you get good results after its implementation? We are looking forward to know more about it! Submit your initiative now!

Act now and participate in the 2020 EU Health Award under the call on Vaccination or the call on Healthy Lifestyles! There's only two weeks left until the deadline for applications.
