Public Health, Cancer and Health security

Standards of Care: HIV, VH, and TB

Good Practices and Ensuring Prevention & Care for People on the move

Thursday 16 February 2023, 14.00 – 15.30 CET, Brussels time

Dear colleague,

We invite you to join this webinar.

This webinar will provide an overview of key **standards of care for people living with or most affected by HIV/AIDS, viral hepatitis, tuberculosis** (especially drug-resistant) and gaps. Speakers will unpack what is hindering and facilitating their implementation. Speakers and participants are invited to outline some good practices to be considered by different policymakers, healthcare providers, organisations representing affected communities, health authorities, funders and medical industry. It will also look at ways **to ensure continued prevention and care for displaced and mobile people and other migrant populations**. The webinar will feed in the drafting of a joint statement highlighting good and promising practices to be scaled up.

This webinar will be held in English.

If you have any further questions, please contact sante-hpp@ec.europa.eu

Register to this webinar following [this link](#).

Once registered, you will receive the calendar invitation from Webex. Please pin it in your calendar and go back to it on the webinar day.

This webinar will be held in English
