

**8TH EHEALTH NETWORK 23 NOVEMBER 2015**  
**COVER NOTE BY SECRETARIAT**

**Topic 1d: Non paper Roadmap and Scope eHealth**

**Issue at stake**

To facilitate the applications to CEF financing, clarity on the scope of the eHealth DSI core and generic services is necessary. The Non Paper was prepared by the Commission for this purpose. This Non Paper provides information to better understand the activities that are necessary to implement effective cross-border exchange of data for ePrescription and Patient summary services.

**Summary of document**

The Commission Non Paper Roadmap and Scope outlines the scope of the generic and core services in the EU context and defines the main entities involved in the implementation of these services. It also sets out the main activities that will be performed by DG SANTE, DG DIGIT and Member States. In addition, it provides an overview of the timeline.

**Format of procedure in the eHN**

The Commission co-chair will introduce the topic and provide a summary of the Roadmap and Scope eHealth document.

The Network Members are requested to take note of information provided.
