"Joint Action on Health Information towards a sustainable EU health information system that supports country knowledge, health research and policy-making"

The Joint Action on Health Information is **approved** in the **2017 Health Programme Annual Work Programme** with a budget of **4 million Euros** over a period of **3 years**.

26 EU Member States and **4 EFTA/Candidate countries** have submitted an official nomination of a 'competent authority' for the Joint Action by the 11th May deadline.

Internal Commission consultation platform on health information

- Inter-service forum with different SANTE units (B1, B3, C2), as well as DG CNECT, DG ESTAT, DG RTD, and DG JRC.
- Help coordinate Commission initiatives related to health information and to identify the best possible mechanism to support Member State cooperation in the area of health information.

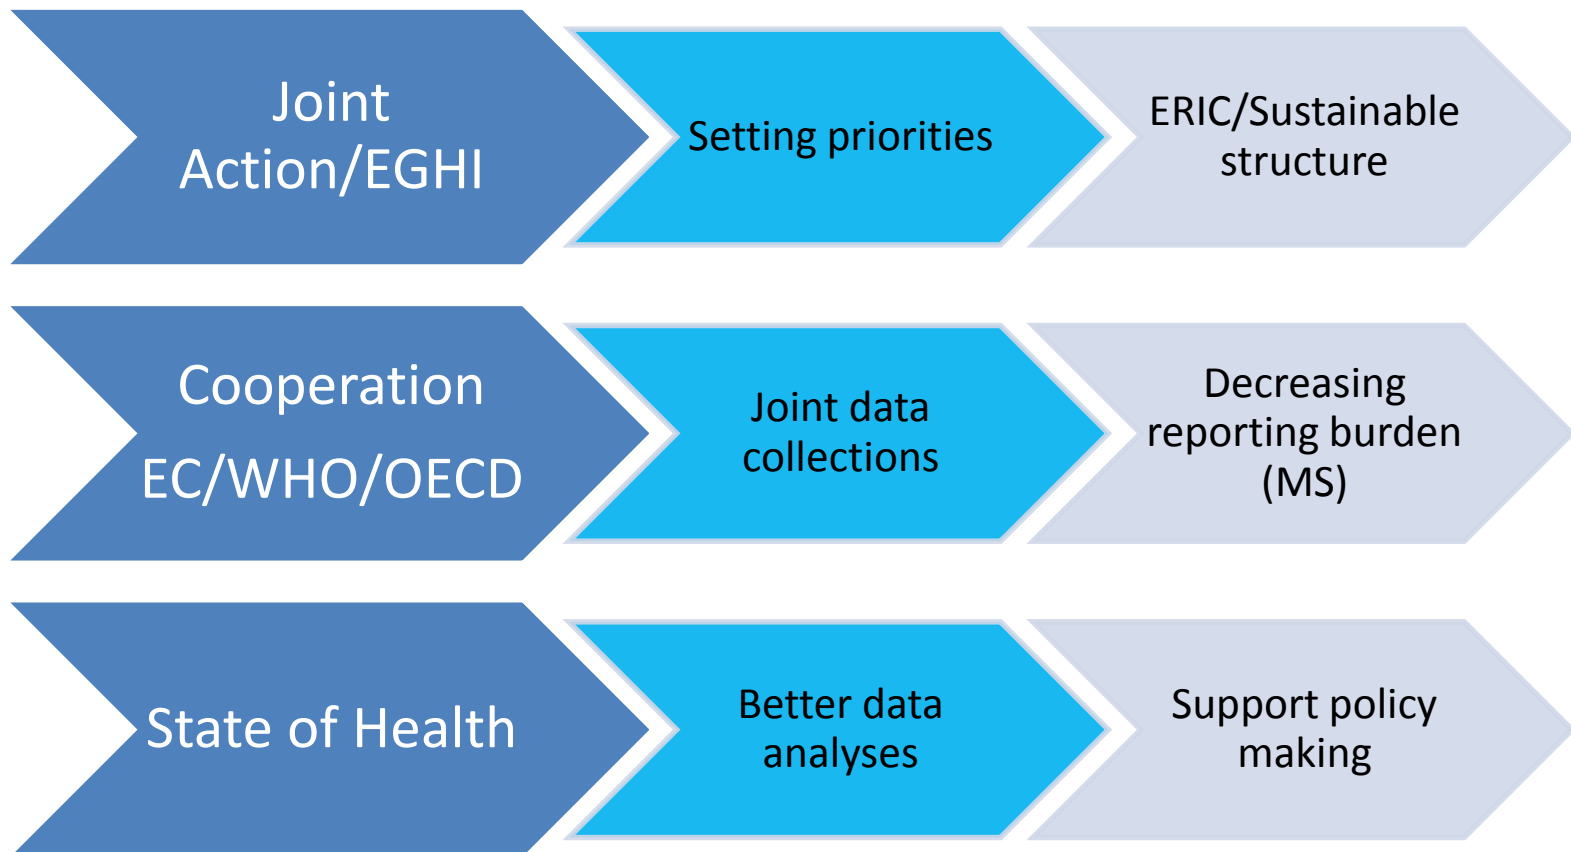

Commission-OECD-WHO consultation on health information

- Forum with relevant international organisations (such as WHO-Europe and OECD) to discuss long-term strategy and closer collaboration
- The objectives are to reduce the data collection burden on Member States and to improve the policy-relevance of the collected health indicators at the European level.
