

EU Health Policy Platform

Artur Furtado

Deputy Head of Unit C4 - Health Determinants

Purpose

*To improve **communication** between health stakeholders and DG SANTE,*

*In a laboratory of ideas, to facilitate **exchanges and structured collaboration** between health stakeholders,*

*To facilitate the work of **Commission expert and stakeholder groups.***

EU Health Policy Platform 3 axes

IT Platform

Meetings

EU Health Award

Regular Platform Meetings twice a year

High level biennial conference

How is the IT Platform structured?

A general network: **AGORA**

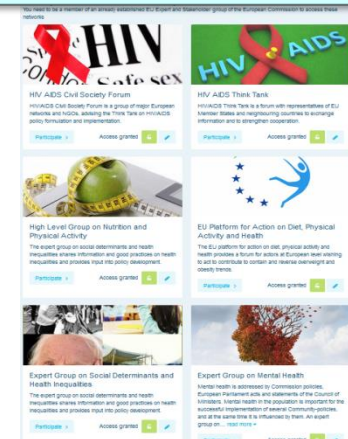

- Is the common space for all registered users of the platform
- To discuss general and cross cutting health issues

Thematic networks

- Host temporary discussions between a group of stakeholders having a common interest in a specific health topic
- Have a limited lifespan and lead to the production of a joint statement as deliverables
- Are steered by a network leader who is one user of the platform, representing an Organisation having a specific expertise in the theme discussed

Commission Experts and stakeholders groups

- For members of already established formal or ad-hoc European Commission groups

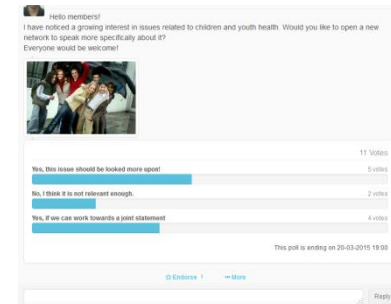

How can you use the Platform ?

- Preparation of meetings
- Continuing discussion between meetings
- Dissemination of documents
- Production of joint statements

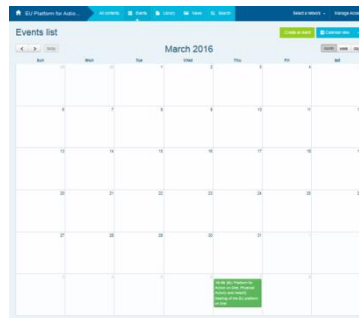

An Online Library

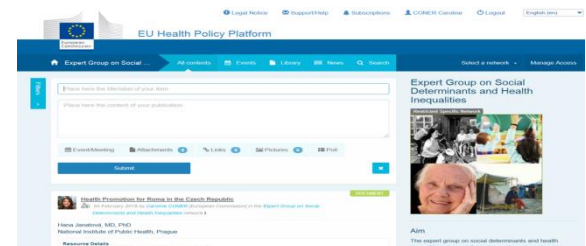

Create Opinion Polls

Create an event

Start a discussion

Thematic networks

The proposed topics for the opening of the first thematic networks are:

- Health inequalities by **EurohealthNet** (confirmed)
- Patient safety & quality of care (tbc) by **CPME**
- Public health workforce training & professionalisation (tbc) by **ASPHER**
- mental health (tbc) by **Mental Health Europe**

Meetings

What is new?

Meetings are no longer restricted to a fixed list of member stakeholders.

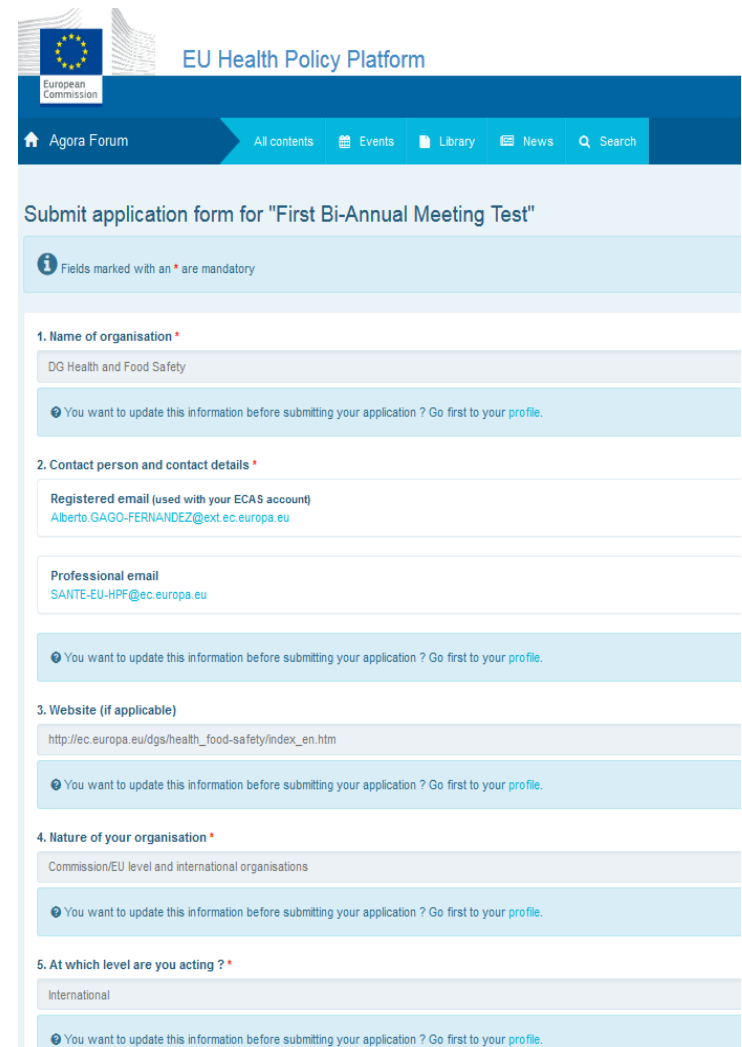

Agenda

The users of the IT Platform may express their views on preferred topics and suggest other topics via the IT Platform

Invitations

- Relevance to the topic
- Involvement in Thematic Networks
- Activity in the IT Platform
- Fill the online questionnaire
