

14TH eHEALTH NETWORK 13 NOVEMBER 2018, BRUSSELS, BELGIUM
COVER NOTE BY eHEALTH NETWORK SECRETARIAT

Agenda topic 4.a): eHAction Timeline of Deliverables

Issue at stake

The eHAction started in June 2018 and lasts for 3 years, till May 2021.

A set of Deliverables is planned to develop strategic recommendations and instruments to support the eHN.

eHAction Deliverables are profiled according to the eHN timetable.

Summary

The elaboration of the Deliverables to be presented to the eHN envisages an iterative process, starting from an Information note, draft version for Discussion and after for Information or Adoption. Information notes and draft versions are to be presented to the eHN for early alignment of goals and path to follow. An information note is expected to be very short (2-page document to describe the Deliverable structure, objectives and scope) whilst the draft version will have more content.

Timetable of Deliverables are annex to this cover note.

Format of procedure in the eHealth Network meeting

The Member State co-chair introduces the topic and open the floor to the eHealth Network for comments and questions
