

Meeting of the EU scientific advice platform on COVID-19 - Agenda

Wednesday 19/01/2022 at 16:00 CET (WEBEX)

1. COVID-19 – Epidemiological update

Update by the European Centre for Disease Prevention and Control (ECDC)

Overview on Omicron – What do we know so far (transmission, severity, vaccine effectiveness and its decline, etc.)?

What are your views on the shift in certain Member States towards considering the virus as endemic and adjusting surveillance/management accordingly?

The ECDC has recently published recommendations on quarantine and isolation and some Member States have already shortened their length. What is your experience with this new approach?

2. COVID-19 – Vaccines and therapeutics

Update by the European Medicines Agency (EMA)

Are there discussions or approaches developed in your Member State regarding the administration of a fourth vaccine dose to segments of the population?

3. Conclusions and suggestions for future agenda points
