

EUROPEAN COMMISSION
DIRECTORATE-GENERAL FOR HEALTH AND FOOD SAFETY

Public health, Cancer and Health Security

1st Live Webinar of the Thematic Network
**Navigating Health Inequalities in the
EU through Artificial Intelligence**

Friday 2 December, 10.00 – 11.00 CET, Brussels time

Dear colleague,

We invite you to join this webinar.

The webinar presents the main legal dimensions of artificial intelligence (AI) in the EU and its co-relation to health and fundamental rights. The webinar introduces the application of the EU AI Act and the GDPR to health, and its impact on healthcare delivery, services and fundamental rights.

Understanding the landscape of health AI and its influence on health inequalities, is necessary to ensure synergies of our Joint Statement with the EU regulatory framework, and this will contribute towards building specific, practically driven measures to navigate health inequalities in the EU using AI technologies.

This webinar is meant to be interactive, therefore we kindly invite you to navigate through the [EU HEALTH POLICY PLATFORM](#) (registration required), check the Thematic Network on “Navigating Health Inequalities in the EU through Artificial Intelligence” led by Brunel Centre for AI and Health Action International initial proposals and raise your questions at this webinar.

This webinar will be held in English.

Register to this 1st webinar of the Thematic Network “Navigating Health Inequalities in the EU through Artificial Intelligence” following [this link](#).

Once registered, you will receive the link to join the webinar. Please pin it in your calendar. On the webinar day, please open the calendar invitation and click on “join webinar”.

If you have any further questions, please contact sante-hpp@ec.europa.eu

We are looking forward to welcoming you online.

The EU Health Policy Platform team
