**The EU4Health Programme: what it can bring to the regions**

**(12 October 2021 - 2:30-3:30 PM)**

The EU4Health Programme is an ambitious dedicated funding programme for 2021-2027 to ensure a high level of human health protection in all Union policies.

The Programme will be the main financial instrument for supporting policies and actions that will pave the way to the EU Health Union, with a budget of €5.1 billion.

This information session will highlight the programme's objectives, content and eligibility criteria including aspects of relevance to the regions.
