Presentation of the European Meetings organised by the French National Cancer Institute

16th Dec 2021

An alignment of Europe's Beating Cancer Plan and France's ten-year cancer control strategy

A strong political commitment in the fight against cancer

- **A 10 year-plan** both at the EU level and at the French level in the fight against cancer.
- A strong political commitment from the **President of the European Commission** and the **President of the French Republic**

2 complementary strategies in favor of innovation

- **Actions oriented towards innovation:** genomics, innovation in cancer screening, implementation of digital mechanisms, data sharing...
- **New legislative measures and new mechanisms** envisioned by Europe's Beating Cancer Plan: on tobacco and alcohol, on leading-edge research, on imaging...
- A commitment from France to **support the development of these actions and to mobilize French actors and researchers**

From the French NCCPs to France's ten-year cancer control strategy

A newly launched strategy, on a 10-year frame

compared to 5 years for the previous NCCPs

1,7 Billion €

over the next 5 years
(roadmap 1)

18

specified regional
roadmaps

50%

of the planned budget
dedicated to research

**2. Limit sequels and
improve quality of life**

**1. Improve
prevention**

**3. Fight against
cancers with a
poor prognosis**

**4. Ensure that everyone
benefits from the progress
made**

4 ambitious objectives

- **Reduce the number of preventable cancers by 60,000 per year by 2040**
- **Carry out 1 million more screenings per year by 2025 (to reach 10 million)**
- **Reduce from 2/3 to 1/3 the proportion of patients suffering from sequels 5 years after diagnosis**
- **To significantly improve the survival rate of cancers with a poor prognosis by 2030**

Ten-year's
cancer control
strategy

This strategy is part of a collective and dynamic approach

Health democracy

The Strategy was built from :

- **Insights** from INCa's bodies
- **Evaluation** report findings
- **Contributions** from institutional, professional and associative actors
- Large citizens **consultations.**

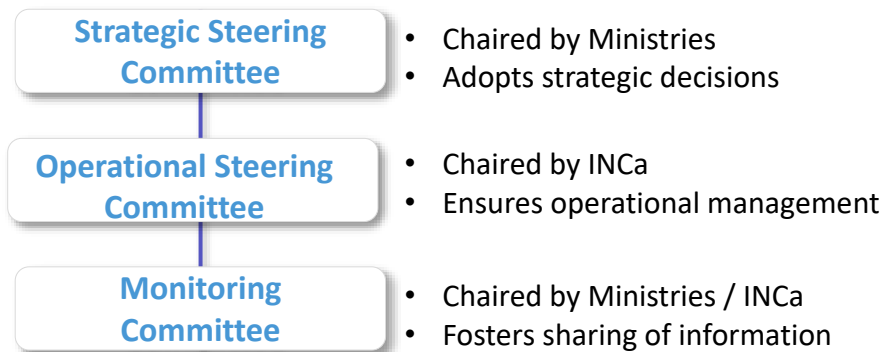

Collaboration

Each of the **234 actions** is steered by one of the **28 pilots** appointed among all stakeholders involved in the fight against cancer.

Accountability

A **mid-term evaluation** is planned. An **annual progress report** will be presented to the President of the French Republic and to citizens.

A multi-level governance, involving all key stakeholders

Interministerial committees allow for a stronger coordination with other national policies and plans.

A collaborative approach that France wants to carry on at the EU level

France will hold the presidency
of the Council of the European
Union
from 1 January to 30 June 2022

It is an opportunity to
**strengthen synergies &
accelerate cooperation** in the
fight against cancer

3rd and 4th February 2022
**The European Meetings
of the French National
Cancer Institute (INCa)**

CESE
Palais Iena
Paris

**Providing a space for knowledge
sharing and exchanges** between all
the European stakeholders involved
in the fight against cancer

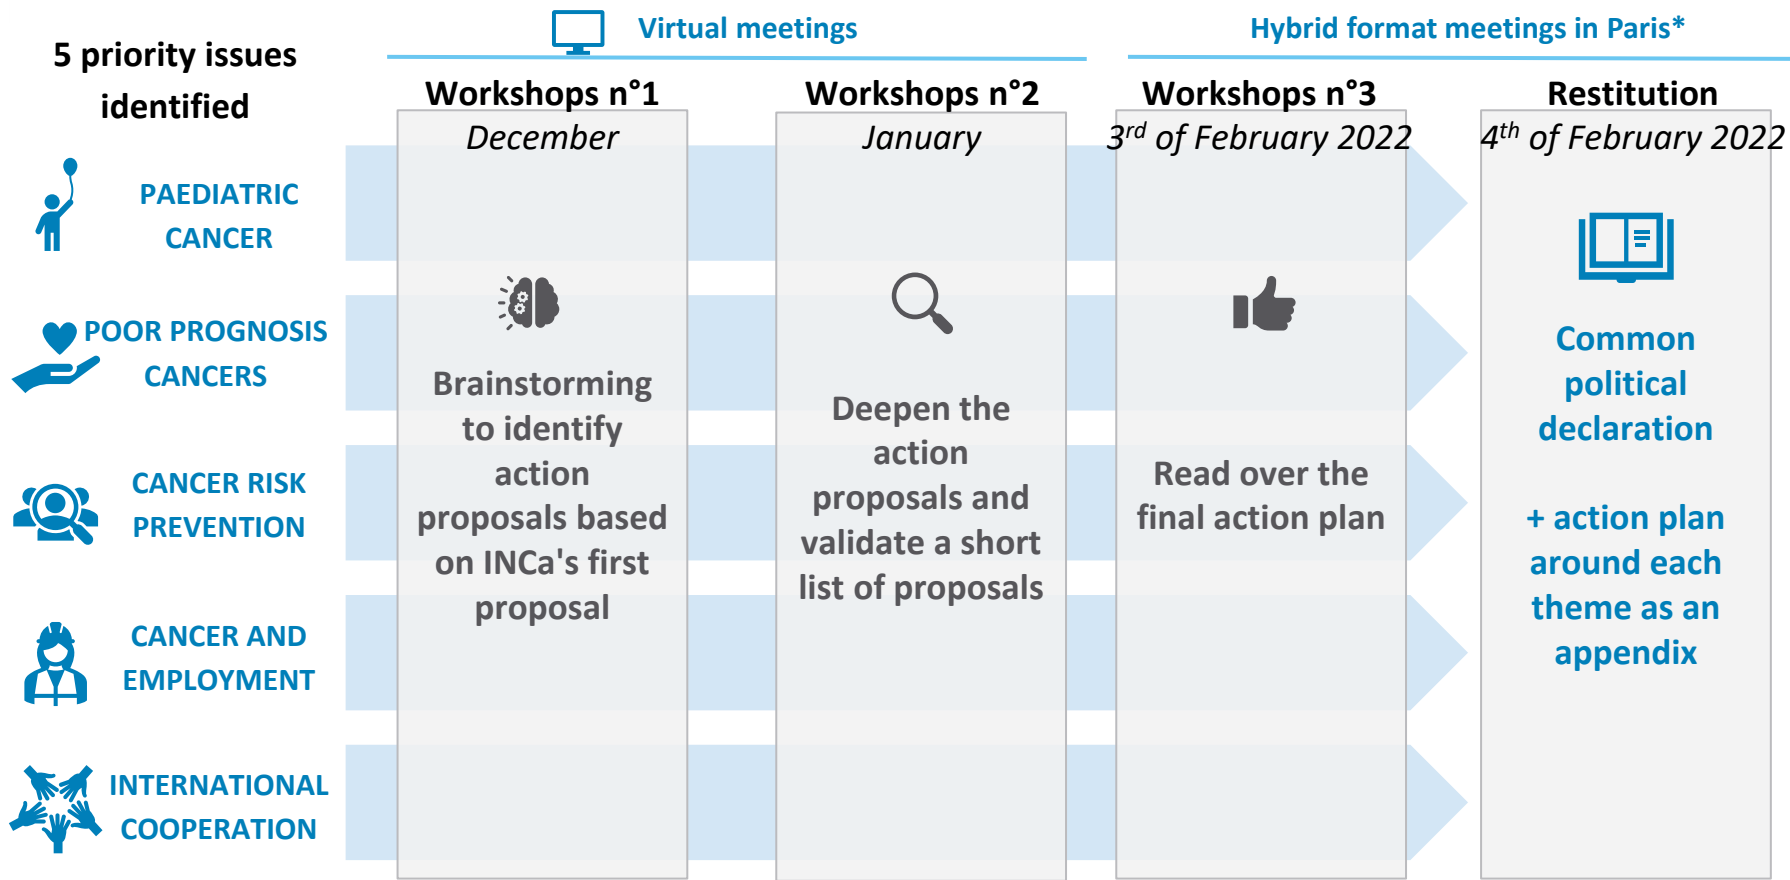

Enabling the **co-construction of
proposals for concrete actions**, to be
implemented at the European level

Amplifying European cooperation
in the fight against cancer
