**Supporting Ukraine, neighbouring EU Member States and Moldova:
Information-sharing webinar on how civil society and health professionals can mobilise to
support medical and public health needs of Ukrainian and displaced persons**

Friday 4 March 2021, 14:30 – 16:30 CET, Brussels time

As the humanitarian situation in Ukraine worsens and neighbouring countries receive Ukrainian refugees fleeing their country, the European Commission is working on all fronts to provide emergency assistance.

International organisations, such as UNICEF and the International Red Cross, are also intensifying their support to the Ukrainian population.

As the crisis unfolds, many of you who are members of the Health Policy Platform, whether representing industry, health professionals or NGOs, have expressed interest in supporting medical and public health needs in Ukraine for refugees and displaced persons.

In order to brainstorm in preparation for the potential refugee crisis and to understand current capacities, we are organising a webinar on Friday, 4 March at 14.30 CET Brussels. This will give us the opportunity to inform you about EU actions and emerging additional needs, and discuss how civil society and health professionals can mobilise support covering medical and public health needs of refugees and displaced persons.

Register here:

<https://ecconf.webex.com/ecconf/onstage/g.php?MTID=e3e6001f6e0e608d61468eb9aea4b8f15>

Once registered, you will receive the link and the registration ID to join the webinar on Friday 4 March 2022.

If you have any further questions, please contact sante-hpp@ec.europa.eu

We are looking forward to welcoming you online.
