| Valur | Isem       |
|-------|------------|
| 1     | Importatur |
| 2     | Manifattur |

## 1.2 Tip ta' Sottomissjoni

| Valur | Isem                                                                                                                                                                                                                                                                                                                  |
|-------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1     | Rappurtar ta' informazzjoni dwar prodott ġdid ( <b>numru</b> ID-PT ).                                                                                                                                                                                                                                                 |
| 2     | Modifika ta' informazzjoni dwar prodott irrappurtat preċedentement li twassal għal <b>numru</b> ID-PT ġdid (b'link mal-ID-PT ta' qabel).                                                                                                                                                                              |
| 3     | Agġornament ta' prodott eżistenti – żieda ta' informazzjoni fit-taqsim <b>3.B</b> dwar il-format u/jew l-Istat(i) Membru/i notifikat(i) ( <b>verżjoni</b> ġdida tal-ID-PT).                                                                                                                                           |
| 4     | Agġornament ta' prodott eżistenti – irtirar ta' informazzjoni fit-taqsim <b>3.B</b> dwar il-format u/jew l-Istat(i) Membru/i notifikat(i) ( <b>verżjoni</b> ġdida tal-ID-PT). <i>Ta' min jinnota: Dan jista' jinkludi irtirar ta' prodott jew ta' format tal-prodott fl-Istati Membri kollha jew xi uħud minnhom.</i> |
| 5     | Agġornament ta' prodott eżistenti – informazzjoni oħra ( <b>verżjoni</b> ġdida tal-ID-PT)                                                                                                                                                                                                                             |
| 6     | Agġornamenti ta' informazzjoni li għandhom jiġu sottomessi f'intervalli regolari/annwali bħal dejta dwar il-bejgħ jew il-kwantitajiet attwali ta' ingredjenti godda ( <b>verżjoni</b> ġdida tal-ID-PT).                                                                                                               |
| 7     | Korrezzjoni ( <b>verżjoni</b> ġdida tal-ID-PT)                                                                                                                                                                                                                                                                        |

## 1.3 Tip ta' prodott

| Valur | Isem                                                                                            |
|-------|-------------------------------------------------------------------------------------------------|
| 1     | Sigarett                                                                                        |
| 2     | Sigarri                                                                                         |
| 3     | Sigarri żgħar                                                                                   |
| 4     | Tabakk tal-brim                                                                                 |
| 5     | Tabakk tal-pipa                                                                                 |
| 6     | Tabakk tal-pipa tal-ilma                                                                        |
| 7     | Tabakk għall-użu orali                                                                          |
| 8     | Tabakk tal-imnieher                                                                             |
| 9     | Tabakk tal-magħda                                                                               |
| 10    | Prodotti erbali għat-tipjip                                                                     |
| 11    | Prodotti tat-tabakk godda                                                                       |
| 12    | Oħrajn (Prodott imqiegħed fis-suq qabel id-19 ta' Mejju 2014, mhux koperti mill-kategoriji 1–9) |

## 1.4 Pakkett tal-Prodotti

| Valur | Isem                                             |
|-------|--------------------------------------------------|
| 1     | Kaxxa flip top, bil-kantuniera kwadra            |
| 2     | Kaxxa flip top, bil-kantuniera konika/ottagonali |
| 3     | Kaxxa flip top, bil-kantuniera ittondjata        |
| 4     | Kaxxa biċ-ċappetti                               |
| 5     | Pakkett artab                                    |
| 6     | Borża b'perpura                                  |
| 7     | Barmil (ċilindriku jew kubu)                     |

|    |                            |
|----|----------------------------|
| 8  | Bott kubu                  |
| 9  | Pakkett Blokka/Fojl        |
| 10 | Kard/bott ċilindru         |
| 11 | Borża wieqfa               |
| 12 | Kaxxa li tintewa           |
| 13 | Kaxxa tal-kartun           |
| 14 | Kaxxa biċ-ċappetti         |
| 15 | Landa biċ-ċappetti         |
| 16 | Pakketti Flip top          |
| 17 | Tubu tal-landa individwali |
| 18 | Sorra                      |
| 19 | Tubu tas-sigarri multipli  |
| 20 | Landa ċilindrika           |
| 21 | Landa tonda                |
| 22 | Borża wieqfa roll-fold     |
| 23 | Kaxxa bl-ġhatu jiżżerżaq   |
| 24 | Tgeżwir tal-fluss          |
| 25 | Borża li tintewa           |
| 26 | Shell/Hull u Kaxxa slide   |
| 27 | Pakkett b'wiri multipli    |

### 1.5 Tip tal-Parti tat-Tabakk

| Valur | Isem                               |
|-------|------------------------------------|
| 1     | Weraq tat-tabakk                   |
| 2     | Manifatturati – Ferġat maqtuġhin   |
| 3     | Manifatturati - Tabakk rikostitwit |
| 4     | Manifatturati - Tabakk imwessa'    |
| 5     | Ohrajn/Mhux speċifikati            |

### 1.6 Tip ta' Weraq tat-Tabakk

| Valur | Isem                                                                        |
|-------|-----------------------------------------------------------------------------|
| 1     | Virginia                                                                    |
| 2     | Burley                                                                      |
| 3     | Oriental                                                                    |
| 4     | Maryland                                                                    |
| 5     | Kentucky                                                                    |
| 6     | Dark                                                                        |
| 7     | Ieħor                                                                       |
| 8     | Mhux speċifikat (inqas minn 30% hu identifikabbli ma' tip wieħed ta' weraq) |

### 1.7 Metodu tat-Trattament tal-Weraq tat-Tabakk

| Valur | Isem                   |
|-------|------------------------|
| 1     | Bl-arja                |
| 2     | Bin-nar                |
| 3     | Bil-fwar               |
| 4     | Bix-xemx               |
| 5     | Bit-tromba taċ-ċumnija |
| 6     | Ieħor                  |

## 1.8 Kategorija ta' Ingredjenti

| Valur | Isem                                                      |
|-------|-----------------------------------------------------------|
| 1     | tabakk (maħruq)                                           |
| 2     | tabakk (mhux maħruq)                                      |
| 3     | karta (maħruqa)                                           |
| 4     | adeziv tal-ġenb (maħruqa)                                 |
| 5     | linka użata fuq karta tas-sigaretti (maħruqa)             |
| 6     | materjal ta' filtrazzjoni (mhux maħruq)                   |
| 7     | tgeżwir tal-filtru (mhux maħruq)                          |
| 8     | adeziv tal-filtru (mhux maħruq)                           |
| 9     | karta tal-filter u l-linka "tipping paper" (mhux maħruqa) |
| 10    | adeziv (mhux maħruq)                                      |
| 11    | adeziv (maħruq)                                           |
| 12    | gamra (mhux maħruqa)                                      |
| 13    | materjali tal-borża (mhux maħruq)                         |
| 14    | karta (mhux maħruqa)                                      |
| 15    | ohrajn (mhux maħruqin)                                    |

## 1.9 Funzjoni tal-Ingredjent

| Valur | Isem                                     |
|-------|------------------------------------------|
| 1     | Stimulant tad-Dipendenza                 |
| 2     | Adeziv                                   |
| 3     | Li jgħaqqad                              |
| 4     | Trasportatur                             |
| 5     | Kulur                                    |
| 6     | Modifikatur tal-Kombustjoni              |
| 7     | Qofol                                    |
| 8     | Fibra                                    |
| 9     | Li jimla                                 |
| 10    | Komponent tal-Filtru                     |
| 11    | Materjal ta' Filtrazzjoni                |
| 12    | Tejjieb tat-Togħma u/jew tal-Palat       |
| 13    | Umidifikant                              |
| 14    | Modifikatur tal-pH                       |
| 15    | Plastifikant                             |
| 16    | Preservattiv                             |
| 17    | Solvent - Jgħin fil-Proċess              |
| 18    | Aġent tal-Propensità Mnaqqsa tal-Kebbies |
| 19    | Aġent tad-Daqs                           |
| 20    | Tejjieb tad-Duħħan                       |
| 21    | Modifikatur tal-Kulur tad-Duħħan         |
| 22    | Modifikatur tar-Riħa tad-Duħħan          |
| 23    | Qratas                                   |
| 24    | Aġenti għat-Tixrib bl-Ilma               |
| 25    | Modifikatur tal-Viskożità                |
| 26    | Ieħor                                    |

## 1.10 Status tal-Ingredjenti Mhux maħruqin

| Valur | Isem                                                                                    |
|-------|-----------------------------------------------------------------------------------------|
| 0     | Ebda informazzjoni disponibbli dwar it-tossicità tal-ingredjent fil-forma mhux maħruqa. |
| 1     | Mhux tossiku u mingħajr proprjetajiet CMR fil-forma mhux maħruqa.                       |
| 2     | Identifikat bħala tossiku jew bi proprjetajiet CMR fil-forma mhux maħruqa.              |

### 1.11 Dejta Tossikoloġika Disponibbli

|   | Isem                                                                |
|---|---------------------------------------------------------------------|
| 1 | Ebda Dejta Tossikoloġika Disponibbli.                               |
| 2 | Dejta tossikoloġika disponibbli iżda mhux ġdida.                    |
| 3 | Dejta tossikoloġika ġdida miksuba mill-aħħar perjodu ta' rappurtar. |
