EUROPE'S BEATING CANCER PLAN

First EU4Health Project Showcase

Thursday 25 May 2023, 14.00 – 16:10 CEST, Brussels time

Dear colleague,

We invite you to join this webinar.

The implementation of the Europe's Beating Cancer Plan and the EU Mission on Cancer is advancing on a number of fronts. Given the numerous projects underway, it can be difficult to keep track of what has been done already. In addition to policy developments, over 25 projects have been launched under the EU4Health Programme alone, and this webinar is designed to showcase some of them. This webinar is open to anyone interested in the EU's work on cancer, and specifically Europe's Beating Cancer Plan.

The [European Week Against Cancer](#) is an annual campaign that helps raise awareness of developments in cancer prevention, early detection and treatment. During this week there are several thematic events organised all over Europe, and the European Commission is taking part by organising this webinar.

Find out more about the [EU4Health financed projects](#)

Register to this webinar following [this link](#)

Once registered, you will receive the calendar invitation from Webex. Please pin it in your calendar and go back to it on the webinar day.

This webinar will be held in English

If you have any further questions, please contact sante-hpp@ec.europa.eu

We are looking forward to welcoming you online.
